DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of the invention of Group V in Paper No. 4 is acknowledged.

Priority

Applicant has not complied with one or more conditions for receiving the benefit of an earlier filing date under 35 U.S.C. 120 as follows:

An application in which the benefits of an earlier application are desired must contain a specific reference to the prior application(s) in the first sentence of the specification of in an application data sheet (37 CFR 1.78(a)(2) and (a)(5)). The specific reference to any prior nonprovisional application must include the relationship (i.e., continuation, divisional, or continuation-in-part) between the applications except when the reference is to a prior application of a CPA assigned the same application number.

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:
It does not state that the person making the oath or declaration has reviewed and understands the contents of the specification, including the claims, as amended by any amendment specifically referred to in the oath or declaration.

Claim Objections

Claim 42 is objected to because of the following informalities: in line 2, "a bone block having" should be deleted. Appropriate correction is required.

Claims 45-47 are objected to because of the following informalities: in line 1, "inserter" should be --inserters--. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 45-47 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 45 and 46 recite the limitation "the bone block" in lines 2 and 3. There is insufficient antecedent basis for this limitation in the claims.

Claim 47 recites the limitation "the bone block" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

Claims 36, 43 and 44 are allowed.
